

RE: Radio station 89.5 FM (K-Love), El Paso, TX displaced by an LPFM broadcaster.

It is very important to keep K-Love broadcasting. It is an important way to reach people in El Paso. It is family-friendly programming. K-Love supports wholesome values and has a positive and encouraging impact on El Paso. There is a huge need for this radio station in El Paso.

I respectfully request that K-Love NOT be forced off the air by Low Power FM station(s). Please DO NOT expand LPFM service.
